DISCOVERY CALL

A 20 minute meet and greet where we explore if we are the right fit for each other!

Cost: FREE

ONBOARDING

ALL new clients must start with 1:1 onboarding session.

- **Initial consult**
Our initial consult consists of gathering all the relevant information such as learning about your history, movement education, schedule, access to equipment, and an exploration of your goals.
- **Movement assessment and testing**
We dive into your specific experience more by assessing gross movement patterns, strengths, weaknesses, imbalances and opportunities for maintenance, growth and improvement.

From there, we determine what programming works best for your budget, availability and unique situation. All the data gathered will be brought forward for a fully customized program tailored just for you.
